**the Years Ended December 31, 2021 and 2020 and**  
**Independent Auditors' Report**

## INDEPENDENT AUDITORS' REPORT

The Board of Directors and Shareholders  
SDI Corporation

### Opinion

We have audited the accompanying parent company only financial statements of SDI Corporation ("the Company"), which comprise the parent company only balance sheets as of December 31, 2021 and 2020, and the parent company only statements of comprehensive income, changes in equity, and cash flows for the years then ended, and the notes to the parent company only financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying parent company only financial statements present fairly, in all material respects, the accompanying parent company only financial position of the Company as of December 31, 2021 and 2020, and its parent company only financial performance and its parent company only cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

### Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements section of our report. We are independent of the Company in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the parent company only financial statements for the year ended December 31, 2021. These matters were addressed in the context of our audit of the parent company only financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters for the Company's parent company only financial statements for the year ended December 31, 2021 are stated as follows:

### 1. Valuation of Inventory Impairment

#### Description

As of December 31, 2021, inventory accounted for 26% of the Company's total assets. The value of inventory is affected by the volatility of market demand and ever-changing technology, which could make inventory sluggish and obsolete and impair the value of inventory. The allocation of inventory cost elements and estimations of the net realizable value of inventory are subject to management's subjective judgment. Consequently, the valuation of inventories has been identified as a key audit matter.

#### How our audit addressed the matter

Our main audit procedures include testing of details, verifying the cost of raw materials, labor and manufacturing costs of inventory and comparing the most recent selling prices to the carrying amounts to ensure that the inventory is measured at the lower of cost and net realizable value; obtaining and validating the Company's details of declines in the inventory valuation and inventory aging report and analyzing the changes in inventory aging; assessing the reasonableness of policies relating to the provision of allowance for inventory valuation losses; obtaining data on the quantities of inventory recorded at the end of the year and the data of annual inventory physical count to verify the existence and completeness of the inventory; inspecting the condition of the inventory to assess the appropriateness of the loss allowance for recognized inventory obsolete and spoiled through observing the year-end inventory counts.

### 2. Revenue Recognition

#### Description

Revenue is used by investors and the Company's management as a key indicator for evaluating the Company's financial or operational performance. As the Company sells its goods to Taiwan, Mainland China, Malaysia, United States and other areas, overseas warehouses are set up in response to the needs of certain international customers. The Company recognizes revenue per the various sales terms in each individual contract with customers. Accordingly, significant judgement is required in determining the timing of control of a good transfers to the customer. Therefore, revenue recognition has been identified as a key audit matter.

How our audit addressed the matter

Our main audit procedures include assessing the appropriateness of accounting policies for revenue recognition, testing the effectiveness of the internal controls relevant to revenue recognition, including sampling and testing the validity of sales revenue; evaluating whether any irregularity exists in the transactions with the top ten sales customers and analyzing the reasonableness of the turnover days of accounts receivable; selecting sample transactions after a few days or before the inventory cutoff date and examining the related documents to ensure that revenue is recognized in the appropriate period, and reviewing if there were significant sales return in the subsequent period.

**Responsibilities of Management and Those Charged with Governance for the Parent Company Only Financial Statements**

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease its operations, or has no realistic alternative but to do so.

Those charged with governance, including members of the Audit Committee are responsible for overseeing the Company's financial reporting process.

## Auditors' Responsibilities for the Audit of the Parent Company Only Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

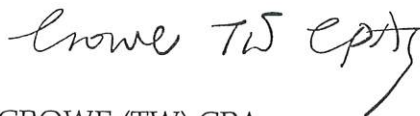

5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the disclosures, and whether the parent company only financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent company only financial statements for the year ended December 31, 2021 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Yang, Chen Yu and Lin, Ming Shou.

(Concluded)

NOTES TO PARENT COMPANY ONLY FINANCIAL STATEMENTS

FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

(Amounts in Thousands of New Taiwan Dollars, Unless Specified Otherwise)

---

1. ORGANIZATION AND OPERATIONS

SDI Corporation (the "Company") was incorporated on October 17, 1967. The Company manufactures mainly in stationery related products before the Company repetitively expanded to produce and manufacture lead frames and molds.

Since April 25, 1996, the Company's shares have been listed on the Taiwan Stock Exchange (TWSE).

2. THE AUTHORIZATION OF FINANCIAL STATEMENTS

The accompanying parent company only financial statements were approved and authorized for issue by the Board of Directors on February 24, 2022.

3. APPLICATION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS

**3.1 The adoption of the amendments to International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) (collectively, "IFRSs") endorsed and issued into effect by the Financial Supervisory Commission (FSC):**

New standards, interpretations and amendments endorsed by the FSC and effective from 2021 are as follows:

<b>New, Revised or Amended Standards and Interpretations</b>	<b>Effective Date Announced by IASB</b>
Amendments to IFRS 4 "Extension of Temporary exemption from IFRS 9"	June 25, 2020, the issuance date
Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 "Interest Rate Benchmark Reform – Phase 2"	January 1, 2021
Amendment to IFRS 16 "Covid-19-related rent concessions beyond 30 June 2021"	April 1, 2021(Note)

Note : Earlier application from January 1, 2021 is allowed by the FSC.

Based on the Company's assessment, the above standards and interpretations have no significant effect on the Group's financial position and financial performance.

### 3.2 Effect of new issuances and amendments to IFRSs endorsed by the FSC but not yet adopted by the Company:

New standards, interpretations and amendments endorsed by the FSC and effective from 2022 are as follows:

New, Revised or Amended Standards and Interpretations	Effective Date Announced by IASB (Note 1)
Amendments to IAS 16 “Property, Plant and Equipment: Proceeds before Intended Use”	January 1, 2022 (Note 2)
Amendments to IAS 37 “Onerous Contracts – Cost of Fulfilling a Contract”	January 1, 2022 (Note 3)
Amendments to IFRS 3 “Reference to the Conceptual Framework”	January 1, 2022 (Note 4)
Annual Improvements to IFRS Standards 2018–2020	January 1, 2022 (Note 5)
Note 1:	Unless stated otherwise, the New IFRSs above are effective for annual periods beginning on or after their respective effective dates.
Note 2:	The Company shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented, January 1, 2021, in the financial statements in which the entity first applies the amendments.
Note 3:	The Company shall apply these amendments to contracts for which it has not yet fulfilled all its obligations on January 1, 2022.
Note 4:	These amendments apply to business combinations whose acquisition date occur during the annual reporting periods beginning on or after January 1, 2022.
Note 5:	The amendments to IFRS 9 apply to financial liabilities that are modified or exchanged during the annual reporting periods beginning on or after January 1, 2022. The amendments to IAS 41 apply to fair value measurement on or after the beginning of the first annual reporting periods beginning on or after January 1, 2022. The amendments to IFRS 1 apply to the annual reporting periods beginning on or after January 1, 2022.

- (1) Amendments to IAS 16 “Property, Plant and Equipment: Proceeds before Intended Use”
- These amendments set out that proceeds from selling items produced while bringing an item of property, plant and equipment to the location and condition necessary for them to be capable of operating in the manner intended by management shall not be recognized as a deduction of the asset. Instead, the proceeds and the costs of those items, measured in accordance with IAS 2, shall be recognized in profit or loss in accordance with applicable IFRS Standards. In addition, the amendment clarifies that the cost of testing the proper functioning of an asset refers to assessing whether the technical and physical properties of the asset are sufficient to enable it to be used for the production or the provision of goods and services, leased to others or for management purposes.

The Company shall apply these amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the Company first applies the amendments. The cumulative effect of initially applying the amendments shall be recognize as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented with comparative information restated.

(2) Amendments to IAS 37 “Onerous Contracts – Cost of Fulfilling a Contract”

The amendments set out that, when determining whether a contract is onerous, the cost of fulfilling a contract comprises an allocation of other costs that relate directly to fulfilling contracts—for example, an allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling that contract among others.

(3) Amendments to IFRS 3 “Reference to the Conceptual Framework”

The amendments update a reference to the Framework in IFRS 3 and require the acquirer shall apply IFRIC 21 for a levy that would be within the scope of IFRIC 21 to determine whether the obligating event that gives rise to a liability to pay the levy has occurred by the acquisition date.

(4) Annual Improvement to IFRS Standards 2018-2020

The annual improvements amend several Standards. Among which, the amendment to IFRS 9 clarifies that, in determining whether an exchange or modification of the terms of a financial liability is substantially different from the original one, only fees paid or received between the Company (the borrower) and the lender, including fees paid or received by either the Company or the lender on the other’s behalf, shall be included in the ‘10 per cent’ test of discounting present value of the cash flows under the new terms.

Based on the Company’s assessment, the application of the New IFRSs above will not have a significant impact on the Company’s financial position and financial performance.

**3.3 The IFRSs issued by IASB but not yet endorsed and issued into effect by FSC**

New standards, interpretations and amendments issued by the IASB but not yet endorsed by the FSC are as follows:

<b>New, Revised or Amended Standards and Interpretations</b>	<b>Effective Date Announced by IASB</b>
Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets between An Investor and Its Associate or Joint Venture”	To be determined by IASB
IFRS 17 “Insurance Contracts”	January 1, 2023
Amendments to IRFS 17	January 1, 2023
Amendments to IRFS 17 “Initial Application of IFRS 17 and IFRS 9—Comparative Information	January 1, 2023

<b>New, Revised or Amended Standards and Interpretations</b>	<b>Effective Date Announced by IASB</b>
Amendments to IAS 1 “Classification of Liabilities as Current or Non-current”	January 1, 2023
Amendments to IAS 1 “Disclosures of Accounting Policies”	January 1, 2023
Amendments to IAS 8 “Definition of Accounting Estimates”	January 1, 2023
Amendments to IAS 12 “Deferred Tax Related to Assets and Liabilities Arising from a Single Transaction”	January 1, 2023

As of the date the accompanying parent company only financial statements are authorized for issue, the Company is still evaluating the impact on its financial position and financial performance as a result of the initial adoption of the aforementioned standards or interpretations. The related impact will be disclosed when the Company completes the evaluation.

#### **4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The following significant accounting policies are used in the preparation of the accompanying parent company only financial statements. These policies have been consistently applied to all the periods presented, unless otherwise stated.

##### **4.1 Statement of Compliance**

The accompanying parent company only financial statements have been prepared in conformity with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

##### **4.2 Basis of Preparation**

- A. Except for the following significant items, the accompanying parent company only financial statements have been prepared on the historical cost basis:
  - (a) Financial assets and liabilities at fair value through profit or loss (including derivative financial instruments).
  - (b) Financial assets and liabilities at fair value through other comprehensive income.
  - (c) Defined benefit liabilities recognized based on the net amount of pension fund assets less present value of defined benefit obligation.
- B. When preparing the parent company only financial statements, the Company accounts for subsidiaries by using the equity method. In order to align with the amount of net income, other comprehensive income and equity attributable to shareholders of the parent in the consolidated financial statements, the differences of the accounting treatment between the parent company only basis and the consolidated basis are adjusted under the heading of investments accounted for using equity method, share of profits of subsidiaries and share of other comprehensive income of

subsidiaries in the parent company only financial statements.

- C. The preparation of financial statements in conformity with IFRSs endorsed by the FSC requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 5.

#### **4.3 Foreign Currencies**

- A. Items included in the parent company only financial statements are measured using the functional currency of the Company. The financial statements are presented in New Taiwan Dollars, which is the Company's functional currency.
- B. In preparing the parent company only financial statements, transactions in currencies other than the Company's functional currency (foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing on that date. Such exchange differences are recognized in profit or loss in the year in which they arise. Non-monetary items measured at fair value that are denominated in foreign currencies are retranslated at the rates prevailing on the date when the fair value was determined. Exchange differences arising in the retranslation of non-monetary items are included in profit or loss for the year except for exchange differences arising in the retranslation of non-monetary items in respect of which gains and losses are recognized directly in other comprehensive income, in which case, the exchange difference are also recognized directly in other comprehensive income. Non-monetary items that are measured in terms of historical cost in foreign currencies are translated using the exchange rate at the date of the transaction and are not retranslated.
- C. When preparing the parent company only financial statements, the assets and liabilities of the Company's foreign operations are translated into NT\$ using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period. Exchange differences arising, if any, are recognized in other comprehensive income and accumulated in equity.

#### **4.4 Classification of Current and Noncurrent Assets and Liabilities**

- A. Assets that meet one of the following criteria are classified as current assets:
  - (a) Assets arising from operating activities that are expected to be realized, or are intended to be sold or consumed within the normal operating cycle;
  - (b) Assets held mainly for trading purposes;
  - (c) Assets that are expected to be realized within twelve months from the end of reporting period.
  - (d) Cash and cash equivalents, excluding restricted cash and cash equivalents and those that are to be exchanged or used to pay off liabilities more than twelve months after

the end of reporting period.

The Company classifies all assets that do not meet the above criteria as non-current.

- B. Liabilities that meet one of the following criteria are classified as current liabilities:
- (a) Liabilities that are expected to be paid off within the normal operating cycle;
  - (b) Liabilities arising mainly from trading activities;
  - (c) Liabilities that are to be paid off within twelve months from the end of reporting period, even if an agreement to refinance, or to reschedule payments on a long-term basis is completed after the reporting period and before the consolidated financial statements are authorized for issue; and
  - (d) Liabilities for which the repayment date cannot be extended unconditionally to more than twelve months after the end of reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Company classifies all liabilities that do not meet the above conditions as non-current.

#### **4.5 Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand, demand deposits and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value (including the original maturity of the time deposits within three months).

#### **4.6 Financial Instruments**

Financial assets and liabilities shall be recognized when the Company becomes a party of the contractual provisions of the instruments.

Financial assets and liabilities are initially recognized at fair values. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

##### **A. Financial assets**

- (a) Measurement categories

All regular way purchases or sales of financial assets are recognized and derecognized using trade date accounting.

Financial assets are classified as financial assets at FVTPL, financial assets at amortized cost and investment in equity instruments at FVTOCI.

- i. Financial assets at FVTPL

Financial assets at FVTPL include financial assets mandatorily classified as at FVTPL and financial assets designated as at FVTPL. Financial assets mandatorily classified as at FVTPL include investments in equity instruments

that are not designated as at fair value through other comprehensive income (FVTOCI) and debt instruments that do not meet the criteria for being classified as at amortized cost or as at FVTOCI.

Financial assets at FVTPL are stated at fair value, any dividends earned recognized as other income, and interest earned and gains or losses arising from remeasurement recognized in other gains or losses. Fair value is determined in the manner described in Note 12.

ii. Financial assets at amortized cost

Financial assets that meet the following conditions are subsequently measured at amortized cost:

- (i) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- (ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, financial assets at amortized cost are measured at amortized cost, which equals to gross carrying amount determined by the effective interest method less any impairment loss. Exchange differences are recognized in profit or loss.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of the financial asset, except for:

- (i) Purchased or originated credit-impaired financial asset, for which interest income is calculated by applying the credit-adjusted effective interest rate to the amortized cost of the financial asset; and
- (ii) Financial asset that has subsequently become credit-impaired, for which interest income is calculated by applying the effective interest rate to the amortized cost of the financial asset.

iii. Investment in equity instruments at FVTOCI

On initial recognition, the Company may make an irrevocable election to designate equity investments as at FVTOCI. Designation as at FVTOCI is not permitted if the equity investment is held for trading or if it is contingent consideration recognized by an acquirer in a business combination.

Equity investments at FVTOCI are subsequently measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in other equity. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the equity investments, instead, it will be transferred to retained earnings.

Dividends on these equity instruments at FVTOCI are recognized in profit or loss when the Company's right to receive the dividends is established, unless the dividends clearly represent a recovery of part of the cost of the investment.

(b) Impairment of financial assets

- i. The Company recognizes loss allowances for expected credit losses on financial assets at amortized cost (including trade receivables), investments in debt instruments at FVTOCI, and contract assets.
- ii. The Company recognizes loss allowances at an amount equal to lifetime expected credit losses (i.e. ECLs) for accounts receivable and contract assets. For all other financial instruments, the Company recognizes lifetime ECLs for which there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month ECLs.
- iii. Expected credit losses reflect the weighted average of credit losses with the respective risks of a default occurring as the weights. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECLs represents the portion of lifetime ECLs that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.
- iv. The Company recognizes an impairment loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for debt instruments that are measured at FVTOCI, for which the loss allowance is recognized in other comprehensive income and does not reduce the carrying amount of the financial asset.

(c) Derecognition of financial assets

The Company derecognizes a financial asset when one of the following conditions is met:

- i. The contractual rights to receive cash flows from the financial asset expired.
- ii. The contractual rights to receive cash flows from the financial asset which have been transferred and the Company has transferred substantially all risks and rewards of ownership of the financial asset.
- iii. The Company neither retains nor transfers substantially all risks and rewards of ownership of the financial asset; however, it has not retained control of the financial asset.

On derecognition of a financial asset at amortized cost in its entirety, the difference between the carrying amount of financial asset and the sum of the consideration received and receivable is recognized in profit or loss. On derecognition of a debt instrument at FVTOCI, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income is recognized in profit or loss. However, on derecognition of an investment in an equity instrument at FVTOCI, the cumulative gain or loss that had been recognized in other

comprehensive income is transferred directly to retained earnings, without being recycled to profit or loss.

## **B. Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

## **C. Financial liabilities**

### **(a) Subsequent measurement**

Except for the following situations, all financial liabilities are measured at amortized cost using the effective interest method:

- i. Financial liabilities at fair value through profit or loss are financial liabilities held for trading or financial liabilities designated as at fair value through profit or loss on initial recognition. A financial liability is classified as held for trading if it is incurred principally for the purpose of repurchasing it in the near term. Derivatives are also categorized as financial liabilities held for trading unless they are financial guarantee contracts or designated and effective hedging derivatives. Financial liabilities that meet one of the following criteria are designated as at fair value through profit or loss on initial recognition:
  - (i) They are hybrid (combined) contracts; or
  - (ii) They eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognizing the gains and losses on them on different bases; or
  - (iii) They are managed and their performance is evaluated on a fair value basis, in accordance with a documented risk management or investment strategy.
- ii. Financial liabilities at fair value through profit or loss are initially recognized at fair value. Related transaction costs are expensed in profit or loss. These financial liabilities are subsequently remeasured at fair value, and any changes in the fair value of these financial liabilities are recognized in profit or loss.
- iii. For a financial liability designated as at FVTPL, the amount of changes in fair value attributable to changes in the credit risk of the liability is presented in other comprehensive income and will not be subsequently reclassified to profit or loss. The remaining amount of changes in the fair value of that liability is presented in profit or loss. If this accounting treatment related to credit risk would create or enlarge an accounting mismatch, all changes in the fair value of the liability are presented in profit or loss.

### **(b) Derecognition of financial liabilities**

The Company derecognizes a financial liability when, and only when, it is extinguished—i.e. when the obligation is discharged or cancelled or expires. The difference between the carrying amount of a financial liability derecognized and the consideration paid, including any non-cash assets transferred or liabilities assumed,

is recognized in profit or loss.

#### **4.7 Inventories**

Inventories include raw materials, work in progress and finished goods. Inventories are recognized at cost. Inventories are recorded at standard cost ordinarily and stated at the lower of cost or net realizable at the end of each reporting period. Any differences at the end of the reporting period are allocated to cost of sales and ending inventory in proportion. If the actual level of production is lower than normal capacity, the unallocated fixed overhead is recognized as cost of sales. The item-by-item approach is used in applying the lower of cost and net realizable value, except for the same category homogeneous inventories. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and selling expenses. Loss for market price decline is stated at cost of goods sold.

#### **4.8 Investments Accounted for Using the Equity Method**

- A. Investments accounted for using the equity method include investments in subsidiaries.
- B. A subsidiary is an entity that is controlled by the Company (including structured entity). The Company controls an entity when the Company is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.
- C. Unrealized gains and losses on transactions between the Company and subsidiaries have been eliminated. Unrealized losses will also be eliminated if evidence demonstrates that there is no any indication of impairment on assets involved in a transaction. The accounting policies of the subsidiaries have been adjusted where necessary to ensure consistency with the policies applied by the Company.
- D. The Company's share of subsidiaries' profit or loss is recognized in the Company's statement of comprehensive income, and its share of subsidiaries' other comprehensive income is recognized in the Company's other comprehensive income. When the Company's share of losses in a subsidiary equals to or exceeds its interest in the subsidiary, the Company shall recognize the loss proportional to its shares.
- E. Changes in the Company's ownership interests in subsidiaries that do not result in the Company losing control over the subsidiaries are accounted for as equity transactions. Any difference between the adjustment amount of non-controlling interests and the fair value of the consideration paid or received is recognized directly in equity.
- F. When the Company loses control of a subsidiary, the Company remeasures any investment retained in the former subsidiary at its fair value. That fair value is regarded as the fair value on initial recognition as a financial asset or the cost on initial recognition of an associate or a joint venture. Any difference between the fair value and the carrying amount is recognized in profit or loss. All amounts previously recognized in other comprehensive income in relation to the subsidiary are reclassified to profit or loss on the same basis as would be required if the related assets or liabilities were disposed of. That is, when the Company loses control of a subsidiary, all gains or losses previously

recognized in other comprehensive income in relation to the subsidiary will be reclassified from equity to profit or loss, if such gains or losses would be reclassified to profit or loss when the related assets or liabilities are disposed of.

#### 4.9 Property, Plant and Equipment

- A. Property, plant and equipment are initially recorded at cost. Borrowing costs incurred during the construction period are capitalized.
- B. Subsequent costs are included in the carrying amount of asset or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to profit or loss during the financial period in which they are incurred.
- C. Land is not depreciated. Other property, plant and equipment apply cost model and are depreciated using the straight-line method to allocate their cost over their estimated useful lives. The residual values of assets, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each financial year-end. If expectations for the residual values of assets and useful lives differ from previous estimates or the patterns of consumption of the future economic benefits of assets embodied in the assets which have changed significantly, any change is accounted for as a change in estimate under IAS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors', from the date of the change.

The estimated useful lives of property, plant and equipment are as follows:

Buildings	8~50 years
Machinery	2~25 years
Molds	2~10 years
Other equipment	3~15 years

- D. An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the assets. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

#### 4.10 Leases

At the inception of a contract, the Company evaluates a contract to determine whether it is or contains a lease component. For a contract that contains a lease component and one or more additional lease or non-lease components, a lessee shall allocate the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

##### A. The Company as lessee

Except for payments for low-value asset leases and short-term leases which are recognized as expenses on a straight-line basis, the Company recognizes right-of-use

assets and lease liabilities for all leases at the commencement date of the lease.

#### Right-of-use assets

Right-of-use assets are initially measured at cost, which comprises the initial measurement of lease liabilities adjusted for lease payments made at or before the commencement date, less any lease incentives received, and plus any initial direct costs incurred and an estimate of costs needed to restore the underlying assets. Subsequent measurement is calculated as cost less accumulated depreciation and accumulated impairment loss and adjusted for any remeasurement of the lease liabilities.

Right-of-use assets are presented as a separate line item in the balance sheets.

Right-of-use assets are depreciated using the straight-line method from the commencement dates to the earlier of the end of the useful lives of the right-of-use assets or the end of the lease terms. If the lease transfers ownership of the underlying assets to the Company by the end of the lease terms or if the cost of right-of-use assets reflects that the Company will exercise a purchase option, the Company depreciates the right-of-use assets from the commencement dates to the end of the useful lives of the underlying assets.

#### Lease liabilities

Lease liabilities are measured at the present value of the lease payments, which comprise fixed payments, in-substance fixed payments, variable lease payments which depend on an index or a rate, amounts expected to be payable by the Company under residual value guarantees, the exercise price of a purchase option if the Company is reasonably certain to exercise that option, and payments of penalties received for terminating the lease if the lease term reflects the lessee exercising an option to terminate the lease, less any lease incentives. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company shall use the lessee's incremental borrowing rate.

Subsequently, lease liabilities are measured at amortized cost using the effective interest method, with interest expense recognized over the lease terms. If there is a change in the assessment of an option to purchase the underlying asset, amounts expected to be payable by the lessee under residual value guarantees or a change in future lease payments resulting from a change in an index or a rate used to determine those payments, the Company shall remeasure the lease liabilities with a corresponding adjustment to the right-of-use assets. However, if the carrying amount of the right-of-use asset is reduced to zero, any remaining amount of the remeasurement is recognized in profit or loss. For a lease modification that is not accounted for as a separate lease, the Company accounts for the remeasurement of the lease liability by decreasing the carrying amount of the right-of-use asset to reflect the partial or full termination of the lease for lease modifications that decrease the scope of the lease. The lessee shall recognize in profit or loss any gain or loss relating to the partial or full termination of

the lease and (b) making a corresponding adjustment to the right-of-use asset for all other lease modifications. Lease liabilities are presented separately in the balance sheets. Variable lease payments that do not depend on an index or a rate are recognized as expenses in the periods in which they are incurred.

#### B. The Company as lessor

Leases are classified as finance leases whenever the terms of a lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

When a lease includes both land and buildings elements, the Company assesses the classification of each element as a finance lease or an operating lease separately allocating lease payments (including any lump-sum upfront payments) between the land and the buildings elements in proportion to the relative fair values of the leasehold interests in the land element and buildings element of the lease at the inception date. If the lease payments cannot be allocated reliably between these two elements, the entire lease is classified as an operating lease.

Under operating leases, lease payments, less any lease incentives payable, are recognized as lease income on a straight-line basis over the lease terms. Initial direct costs incurred in obtaining operating leases are added to the carrying amounts of the underlying assets and recognized those costs as an expense over the lease term on the same basis as the lease income.

#### **4.11 Investment Property**

Investment properties are properties held to earn rentals and/or for capital appreciation and include land held for a currently undetermined future use. Investment properties also included right-of-use assets that meet the definition of investment property.

Investment property is measured at cost on initial recognition. Subsequent to initial recognition, investment properties are measured at cost less accumulated depreciation and accumulated impairment loss. The Company depreciates investment property on a straight-line basis over 35 years.

Investment property that is being constructed or developed is measured at cost less accumulated impairment loss. The cost of an investment property includes professional fees, borrowing costs eligible for capitalization. The properties shall start to depreciate as they achieve their expected condition for providing services.

Gains or losses arising from the retirement or disposal of investment property shall be determined as the difference between the net disposal proceeds and the carrying amount of the asset and shall be recognized in profit or loss.

#### **4.12 Intangible Assets**

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment loss. Amortization is recognized on a straight-line basis over the following estimated lives: trademarks and patents - the patent term or the contract term; computer software 2 to 5 years. The estimated useful life

and amortization method are reviewed at each financial year-end, with the effect of any changes in estimate being accounted for on a prospective basis.

An item of intangible assets is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the assets. Any gain or loss arising on the disposal or retirement of an item of intangible assets is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

#### **4.13 Impairment of non-financial assets**

The Company assesses at the end of reporting period the recoverable amounts of those assets where there is an indication that they are impaired. An impairment loss is recognized for the amount by which the carrying amount of asset exceeds its recoverable amount. The recoverable amount is the higher of a fair value of asset less costs to sell or value in use. When the indication of impairment loss recognized in prior years for an asset no longer exist, the impairment loss is reversed to the extent of the loss previously recognized in profit or loss.

#### **4.14 Employee Benefits**

##### **A. Short-term employee benefits**

Short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in a period and should be recognized as expenses in that period when the employees render service.

##### **B. Pensions**

###### **(a) Defined contribution plans**

For defined contribution plans, the contributions are recognized as pension expenses when they are due on an accrual basis. Prepaid contributions are recognized as an asset to the extent of a cash refund or a reduction in the future payments.

###### **(b) Defined benefit plans**

- i. Net obligation under a defined benefit plan is defined as the present value of an amount of pension benefits that employee will receive on retirement for their services with the Company in current or prior period. The liability recognized in the balance sheet in respect of defined benefit pension plans is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets. The defined benefit net obligation is estimated annually by independent actuaries using the projected unit credit method. The discount rate used is determined by using the market yields (at the end of the reporting period) on government bonds denominated in the currency in which the benefits are to be paid. The currency and term of the government bonds are consistent with the currency and estimated term of the obligation.

- ii. Remeasurement arising on defined benefit plans is recognized in other comprehensive income in the period in which they arise and are recorded as retained earnings.
  - iii. Past service costs are recognized immediately in profit or loss.
- C. Employees' compensation and directors' and supervisors' remuneration
- Employees' compensation and directors' and supervisors' remuneration are recognized as expenses and liabilities, provided that such recognition is required under legal or constructive obligation and the amount can be reliably estimated. Any difference between the amount accrued and the amount actually distributed is accounted for a change in accounting estimate.
- D. Termination benefits
- Termination benefits are employee benefits provided in exchange for the termination of employment as a result from either the Company's decision to terminate an employee's employment before the normal retirement date, or an employee's decision to accept an offer of redundancy benefits in exchange for the termination of employment. The Company recognizes expense when it can no longer withdraw an offer of termination benefits or it recognizes related restructuring costs, whichever is earlier. Benefits that are expected to be due more than 12 months after balance sheet date shall be discounted to their present value.

#### **4.15 Capital Stock and Treasury Stock**

##### **A. Capital stock**

Common stock is classified as equity. Incremental costs directly attributable to the issue of new shares or share options are recorded as a deduction in equity.

##### **B. Treasury Stock**

The Company's repurchased stocks are recognized as treasury stock (a contra-equity account) based on their repurchase price (including all directly accountable costs). Gains on disposal of treasury stock should be recognized under "capital reserve - treasury stock transactions"; losses on disposal of treasury stock should be offset against existing capital reserves arising from similar types of treasury stock. If there is insufficient capital reserve to offset the losses, then such losses should be accounted for under retained earnings. The carrying amount of treasury stock should be calculated using the weighted-average method for the purpose of repurchased stock.

Upon retirement, treasury stock is derecognized against the capital surplus - premium on stocks and capital stock proportionately according to the ratio of shares retired. The carrying value of treasury stock in excess of the sum of the par value and premium on stocks is first offset against capital surplus from the same class of treasury share transactions, and the remainder, if any, is then debited to retained earnings. The sum of the par value and premium on treasury shares in excess of the carrying value is credited to capital surplus from the same class of treasury share transactions.

#### **4.16 Income Tax**

- A. The tax expense for the year comprises current and deferred tax. Tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or items recognized directly in equity, in which cases the tax is recognized in other comprehensive income or equity.
- B. The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the end of the financial reporting period in the countries where the Company operate and generate taxable income. The management periodically evaluates positions taken in tax returns with respect to situations in accordance with applicable tax regulations. It establishes provisions where appropriate based on the amounts expected to be paid to the tax authorities. According to Income Tax Act of ROC, an additional tax is levied on the unappropriated retained earnings and is recorded as income tax expense in the year the stockholders resolve to retain the earnings.
- C. Deferred income tax is recognized, using the balance sheet liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated balance sheet. However, the deferred tax is not accounted for if it arises from initial recognition of goodwill or of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is provided on temporary differences arising on investments in subsidiaries, except where the timing of the reversal of the temporary difference is controlled by the Company and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the financial reporting period and are expected to apply when the related deferred tax asset is realized or the deferred tax liability is settled.
- D. Deferred income tax assets are recognized only to the extent, unused tax losses and unused tax credits that it is probable that future taxable profit will be available against which the temporary differences can be utilized. At the end of each reporting period, unrecognized and recognized deferred income tax assets are reassessed.
- E. Current income tax assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. Deferred income tax assets and liabilities are offset on the balance sheet when the entity has the legally enforceable right to offset current tax assets against current tax liabilities and they are levied by the same taxation authority on either the same entity or different entities that intend to settle on a net basis or realize the asset and settle the liability simultaneously.

#### **4.17 Revenue Recognition**

The Company recognizes revenue based on the principle of revenue from customer contracts by applying the following steps:

- (a) Identify the contract with the customer;
- (b) Identify the performance obligations in the contract;
- (c) Determine the transaction price;
- (d) Allocate the transaction price to the performance obligations in the contracts; and
- (e) Recognize revenue when the entity satisfies a performance obligation.

The contract where the period between the transfer of goods or services to the customer and the payment by the customer is within one year and the major financial component of the contract shall not be adjusted for the transaction price.

#### A. Revenue from sale of goods

Revenue from the sale of goods comes from sales of lead frame, stationery and others. Revenue is recognized when control of the products has transferred because it is the time when the customer has full discretion over the manner of distribution and over the price to sell the goods, has primary responsibility for sales to future customers, and bears the risks of obsolescence. Accounts receivable are recognized concurrently. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

The Company does not recognize sales revenue on materials delivered to processing subcontractors due to the delivery does not transfer control of materials.

#### B. Revenue from rendering of services

Revenue from services is recognized when services are provided by reference to the stage of completion of the services provided.

### **4.18 Borrowing Costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalized as part of the cost of those assets until substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are complete. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

Other than the stated above, all other borrowing costs are recognized in profit or loss in the period in which they are incurred.

### **4.19 Government Grants**

Government grants are recognized at fair value when the Company will comply with the conditions attached to them and will receive the grants. Government grants are recognized in profit or loss on a systematic basis over the periods in which the Company recognizes as expenses the related costs for which the grants are intended to compensate.

## **5. CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION AND UNCERTAINTY**

The Company takes Covid-19 pandemic impact into consideration in critical accounting estimates and reviewing basic assumptions and estimates continually. The impacts of the change

in accounting estimate shall be recognized currently when the impacts are related to the current period only. However, the impact shall be recognized currently and prospectively when the impacts not only effect current period but also the future periods.

The preparation of these parent company only financial statements in applying the Company's accounting policies and making critical assumptions and estimates are consisted of the following:

## **5.1 Critical judgments in applying accounting policies**

### **A. Business model assessment of financial assets**

The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. The Company applies judgement and considers relevant factors such as the measurement of assets performing, the risks affected by the performance and the regulations for related manager's remuneration. The Company monitors the fair value through profit or loss financial assets that are derecognized prior to their maturity to assess whether the purpose of derecognition is consistent with the business model's. If there has been a change in the business model, the Company shall postpone the adjustment of the reclassifications of financial assets in accordance with IFRS 9.

### **B. Lease terms**

In determining a lease term, the Company considers all facts and circumstances that create an economic incentive to exercise or not to exercise an option, including any expected changes in facts and circumstances from the commencement date until the exercise date of the option. Main factors considered include contractual terms and conditions for the optional periods, significant leasehold improvements undertaken over the contract term, the importance of the underlying asset to the lessee's operations, etc. The lease term is reassessed if a significant change in circumstances that are within the control of the Company occurs.

## **5.2 Critical accounting estimation and assumption**

### **A. Estimated impairment of financial assets**

The provision for impairment of accounts receivable and debt investments is based on assumptions on risk of default and expected loss rates. The Company makes these assumptions and selects inputs for the impairment calculation, based on the Company's historical experience and existing market conditions, as well as forward looking information. Where the actual future cash inflows are less than expected, a material impairment loss may arise.

### **B. Impairment of tangible and intangible assets**

In the course of impairment assessments, the Company determines, based on how assets are utilized and relevant industrial characteristics, the useful lives of assets and the future cash flows of a specific group of the assets. Changes in economic circumstances or the Company's strategy might result in material impairment of assets in the future.

C. Realizability of deferred income tax assets

Deferred tax assets are recognized to the extent that it is probable that future taxable profits will be available against which those deferred tax assets can be utilized. The Company's management assesses the realizability of deferred tax assets by making critical accounting judgements and significant estimates of expected future revenue growth rate and gross profit rate, the tax exemption period, available tax credits, and tax planning, etc. Any changes in the global economic environment, the industry trends and relevant laws and regulations could result in significant adjustments to the deferred tax assets.

D. Evaluation of inventories

As inventories are stated at the lower of cost or net realizable value, and the Company uses judgements and actuarial assumptions to determine the net realizable value of inventory at the end of each reporting period. The Company estimates the net realizable value of inventory for obsolescence and unmarketable items at the end of reporting period, and then writes down the cost of inventories to net realizable value. Such an evaluation of inventories is mainly based on the demand for the products within a specified period in the future. Therefore, there might be material changes to the evaluation.

E. Calculation of accrued pension obligations

When calculating the present value of defined pension obligations, the Company uses judgements and actuarial assumptions to determine related estimates, including discount rates and future salary increase rate at the end of reporting period. Any changes in these assumptions may have a significantly impact on the carrying amount of defined pension obligation.

F. The lessee's incremental borrowing rate

In determining a lessee's incremental borrowing rate used in discounting lease payments, a risk-free rate for the same currency and relevant duration is selected as a reference rate, and the lessee's credit spread adjustments and lease specific adjustments (such as asset type, guarantees, etc.) are also taken into account.

## 6. CONTENTS OF SIGNIFICANT ACCOUNTS

### 6.1 CASH AND CASH EQUIVALENTS

Items	December 31, 2021	December 31, 2020
Cash on hand and petty cash	\$ 556	\$ 501
Checking accounts and demand deposits	413,946	485,107
Total	\$ 414,502	\$ 485,608

- (1) Time deposits with original maturities over three months are classified as other financial assets-current as of December 31, 2021 and 2020.
- (2) The cash and cash equivalents of the Company are not pledged to others.

## 6.2 NOTES RECEIVABLE

Items	December 31, 2021	December 31, 2020
Amortized at cost		
Gross carrying amount	\$ 24,050	\$ 14,629
Less: loss allowance	-	-
Notes receivable, net	<u>\$ 24,050</u>	<u>\$ 14,629</u>

The notes receivable of the Company is not pledged to others.

## 6.3 ACCOUNTS RECEIVABLE - NONRELATED PARTIES

Items	December 31, 2021	December 31, 2020
Amortized at cost		
Gross carrying amount	\$ 1,614,559	\$ 1,157,187
Less: loss allowance	(7,953)	(7,953)
Accounts receivable, net	<u>\$ 1,606,606</u>	<u>\$ 1,149,234</u>

- (1) The average credit period of sales of goods ranges from 60 to 150 days, which is determined by reference to the credit granting policy based on the counterparties' industrial characteristics, operation scales and profitability.
- (2) The Company applies the simplified approach to providing expected credit losses prescribed under IFRS 9, which permits the use of lifetime expected loss provision for all trade receivables. The expected credit losses are estimated using an allowance matrix with reference to past default experiences of the debtor, an analysis of the debtor's current financial position, adjusted for general economic conditions of the industry in which the debtors operate. The allowance matrix of different customer segments, the provision for loss allowance is based on the number of past due days. All amounts due from specific customers which have impaired have been recognized impairment loss in full amounts and have been accounted in uncollectible accounts (overdue receivables) under non-current assets.

- (3) The following table detailed the loss allowance of notes and accounts receivable (include overdue receivables) based on the Company's provision matrix (include related parties).

<u>December 31, 2021</u>			
<u>Aging terms</u>	<u>Gross carrying amount</u>	<u>Loss allowance (lifetime ECLs)</u>	<u>Amortized cost</u>
Neither past due nor impaired	\$ 1,696,838	\$ (3,077)	\$ 1,693,761
Past due but not impaired			
Past due within 30 days	76,536	(3,406)	73,130
Past due 31-90 days	8,531	(1,275)	7,256
Past due 91-180 days	337	(195)	142
Past due 181-365 days	-	-	-
Past due over 365 days	5,847	(5,847)	-
Total	<u>\$ 1,788,089</u>	<u>\$ (13,800)</u>	<u>\$ 1,744,289</u>

<u>December 31, 2020</u>			
<u>Aging terms</u>	<u>Gross carrying amount</u>	<u>Loss allowance (lifetime ECLs)</u>	<u>Amortized cost</u>
Neither past due nor impaired	\$ 1,197,569	\$ (4,321)	\$ 1,193,248
Past due but not impaired			
Past due within 30 days	15,325	(985)	14,340
Past due 31-90 days	9,809	(2,006)	7,803
Past due 91-180 days	3,114	(641)	2,473
Past due 181-365 days	-	-	-
Past due over 365 days	5,847	(5,847)	-
Total	<u>\$ 1,231,664</u>	<u>\$ (13,800)</u>	<u>\$ 1,217,864</u>

- (4) Movements of the loss allowance for notes and accounts receivable (including of which overdue and related parties').

<u>Items</u>	<u>2021</u>	<u>2020</u>
Balance, January 1	\$ 13,800	\$ 13,800
Add : Provision for (Reversal of impairment)	-	-
Balance, December 31	<u>\$ 13,800</u>	<u>\$ 13,800</u>

- (5) The Company has not held any collateral or other credit enhancement for these accounts receivable.
- (6) Please refer to Note 12 for information on the Company's management and measurement policies of credit risk.
- (7) Accounts receivable of the Company are not pledged to others.

#### 6.4 INVENTORIES AND COST OF GOOD SOLD

Items	December 31, 2021	December 31, 2020
Work-in-process	\$ 977,917	\$ 598,069
Finished goods	746,090	566,414
Raw materials	964,384	533,064
Merchandise	92,644	37,571
Inventory in transit	53,893	72,967
Total	<u>\$ 2,834,928</u>	<u>\$ 1,808,085</u>

- (1) The cost of inventories recognized as expense for the period:

Items	2021	2020
Loss on decline (gain on reversal) in market value of inventories	\$ (6,000)	\$ 5,000
Unallocated fixed FOH	810	7,207
Loss on inventory given up	43,990	39,289
Total	<u>\$ 38,800</u>	<u>\$ 51,496</u>

- (2) The inventories of the Company are not pledged to others.

#### 6.5 PREPAYMENTS

Items	December 31, 2021	December 31, 2020
Prepaid expenses	\$ 20,960	\$ 20,333
Prepayment for purchases	36,134	28,182
Input tax	16,039	6,222
Others	200	2,218
Total	<u>\$ 73,333</u>	<u>\$ 56,955</u>

## 6.6 OTHER FINANCIAL ASSETS - CURRENT

Items	December 31, 2021	December 31, 2020
Pledged time deposits	\$ 6,600	\$ 6,800
Total	\$ 6,600	\$ 6,800

Please refer to Note 8 for information on the amounts pledged.

## 6.7 FINANCIAL ASSETS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME - NON-CURRENT

Items	December 31, 2021	December 31, 2020
Equity instruments		
Unlisted stocks	\$ 2,203	\$ 2,203
Valuation adjustment	18,019	14,695
Total	\$ 20,222	\$ 16,898

- (1) The Company invests in unlisted stocks for medium and long-term strategic purposes and seeks profit from long-term investments. Management of the Company decided to account the above-mentioned investments in FVTOCI, due to recognizing short term gain or loss with FVTPL would against the medium and long-term investment strategies.
- (2) Financial assets at FVTOCI of the Company are not pledged to others.

## 6.8 INVESTMENTS ACCOUNTED FOR USING EQUITY METHOD

Investments accounted for using the equity method consisted of the following:

Items	December 31, 2021	December 31, 2020
Subsidiaries	\$ 2,361,882	\$ 2,280,015

Subsidiaries	Carrying Amount	
	December 31, 2021	December 31, 2020
CHAO SHIN METAL INDUSTRIAL CORPORATION	\$ 250,215	\$ 237,029
TEC BRITE TECHNOLOGY CO., LTD	370,307	354,428

Subsidiaries	Carrying Amount	
	December 31, 2021	December 31, 2020
SHUEN DER(B. V. I)CO.	\$ 1,741,360	\$ 1,688,558
	\$ 2,361,882	\$ 2,280,015

Subsidiaries	% of Ownership and Voting Rights Held by the Company	
	December 31, 2021	December 31, 2020
CHAO SHIN METAL INDUSTRIAL CORPORATION	84.62%	84.62%
TEC BRITE TECHNOLOGY CO., LTD	54.98%	54.98%
SHUEN DER(B. V. I)CO.	100.00%	100.00%

(1) For the information of the subsidiaries of the Company, please refer to Note 4 (3) B of 2021 consolidated financial statements.

(2) The shares of profit or loss and other comprehensive profit and loss of the subsidiaries under equity method for the years ended 2021 and 2020 are recognized according to the audited financial statements for the same periods.

## 6.9 PROPERTY, PLANT AND EQUIPMENT

Items	December 31, 2021	December 31, 2020
Land	\$ 173,412	\$ 173,412
Buildings	1,327,446	1,316,931

	Land	Buildings	Total
Balance, December 31, 2020	\$ (17,792)	\$ (7,396)	\$ (25,188)

(2) Lease liabilities

Items	December 31, 2021	December 31, 2020
Current	\$ 11,994	\$ 12,751
Non-current	\$ 127,231	\$ 135,073

Range of discounts rate for lease liabilities was as follow:

	December 31, 2021	December 31, 2020
Land	0.90%~1.20%	1.20%
Buildings	1.20%	1.20%

Please refer to Note 12 for information regarding maturity analysis for lease liabilities.

(3) Material lease-in activities and terms

A. Land and Buildings

The Company leases land and plants with lease terms between 2015 and 2037, and paid \$4,123 thousand as guaranteed deposit for the lease. The Company and the lessor agreed that a plant may be built on the leased land by the Company. However, title deed of the plant should be registered by the lessor. The Company has the right to use the plant within the lease terms.

(4) Other lease information

A. Please refer to Note 6.11 for information of investment property under operating leases.

B. Cash outflow relating to leases for short-term leases and low-value asset leases is as follows:

Items	2021	2020
Expenses relating to short-term leases	\$ 3,414	\$ 3,192
Total cash outflow for leases	\$ 19,411	\$ 16,204

The Company elected to apply the recognition exemption for short-term leases and

low-value asset leases and, thus, did not recognize right-of-use assets and lease liabilities for these leases.

## 6.11 INVESTMENT PROPERTIES

Items	December 31, 2021	December 31, 2020
Buildings	\$ 99,629	\$ 99,629
Less: Accumulated depreciation	(59,698)	(56,904)
Total	<u>\$ 39,931</u>	<u>\$ 42,725</u>

Items	2021	2020
<u>Cost</u>		
Balance, January 1	\$ 99,629	\$ 99,629
Balance, December 31	<u>\$ 99,629</u>	<u>\$ 99,629</u>
<u>Accumulated depreciation and impairment</u>		
Balance, January 1	\$ 56,904	\$ 54,109
Additions	2,794	2,795
Balance, December 31	<u>\$ 59,698</u>	<u>\$ 56,904</u>

### A. Rent revenue and direct operation expenses from investment property:

Items	2021	2020
Rent revenue from investment property	<u>\$ 18,144</u>	<u>\$ 18,144</u>
Direct operating expenses from the investment of property that generated rental income during the period	<u>\$ 3,216</u>	<u>\$ 3,240</u>

B. The lease term for buildings under operating leases is 3 years. The lessees do not have an option to acquire the assets at the expiry of the lease periods. Rental income for 2021 was the same as 2020 and amounted to 18,144 thousand. As of December 31, 2021 and 2020, the maturity analysis of minimum rental receivable for the operating lease is as follows:

Items	December 31, 2021	December 31, 2020
Not later than 1 year	\$ 18,144	\$ 18,144
Later than 1 year and not later than 5 years	36,288	-
Total	<u>\$ 54,432</u>	<u>\$ 18,144</u>

C. The fair value of investment property was both \$72,000 thousand dollars on December 31, 2021 and 2020, and did not assess by any independent appraiser, only refer to the trading price of similar properties on open market by management of the company.

D. The investment property of the Company is not pledged to others.

## 6.12 INTANGIBLE ASSETS

Items	December 31, 2021	December 31, 2020

Total	<u>\$ 553,297</u>	<u>\$ 341,976</u>

## 6.16 LONG-TERM LOANS AND CURRENT PORTION

The nature of loans	December 31, 2021	December 31, 2020
Unsecured loans	\$ 2,248,746	\$ 1,375,000
Less: current portion	(80,833)	(23,333)
Discount of government grants (Note 6.17)	(8,657)	(7,130)
Total	<u>\$ 2,159,256</u>	<u>\$ 1,344,537</u>
Interest rates range	<u>0.45%~0.98%</u>	<u>0.45%~0.98%</u>
Year to maturity	<u>2022~2027</u>	<u>2021~2027</u>

- (1) The loans from Bank of Taiwan, Mega Bank, E.SUN Bank, Chang Hwa Bank and Bangkok Bank are repaid in installments, the rest of the loans will be repaid in full on the maturity date.
- (2) Under the Company's loan agreement with certain banks, the Company should meet several financial ratios and criteria. The Company had no violation of the aforementioned financial ratio regulations as of December 31, 2021 and 2020.

## 6.17 GOVERNMENT GRANTS

- (1) The Company has obtained a \$1,088,747 thousand preferential interest rate loan from a government under the "Action Plan Welcoming Overseas Taiwanese Businesses to Return to Invest in Taiwan" for capital expenditure and operating turnover. The

difference between transaction price and fair value is regarded as the government grants. As of December 31, 2021, the fair value of loan is estimated to be \$1,080,090 thousand. The difference \$8,657 between transaction price and fair value is recognized as deferred income (under other non-current liabilities). The deferred revenue is recognized as other income during the loan period. The Company has recognized \$2,825 thousand in other income, \$7,547 thousand in interest expense for the loan, and paid \$4,722 thousand interests to the bank.

- (2) The National Development Fund would cease providing the Company related interest subsidies if the Company violated requirements of the project loan due to not using for the construction of plants and relevant facilities, purchasing equipment or using as mid-term working capital. Therefore, the loan interests of the Company will adopt the original agreed interest rate.

## **6.18 RETIREMENT BENEFIT PLANS**

### **(1) Defined contribution plans**

- A. The employee pension plan under the Labor Pension Act of the R.O.C. (the Act) is a defined contribution plan. Pursuant to the plan, the Company make monthly contributions of 6% of each individual employee's salary or wage to employees' pension accounts.
- B. The Company recognized expenses in the statement of comprehensive income were \$40,113 thousand and \$31,344 thousand under the contributions rates specified in the plans for years ended December 31, 2021 and 2020, respectively.

### **(2) Defined benefit plans**

- A. The Company has a defined benefit pension plan in accordance with the Labor Standards Law of the R.O.C. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company contributes monthly an amount equal to 6% of the employees' monthly salaries and wages to the retirement fund deposited in Bank of Taiwan, the trustee, under the name of the independent retirement fund committee. Also, the Company would assess the balance in the aforementioned labor pension reserve account by the end of each year. If the amount of the balance in the pension fund is not enough to pay the pension to the labors expected to be qualified for retirement in the following year, the Company will make contribution for the deficit by next March. The Fund is managed by the Government's designated authorities and the Company have no right to influence their investment strategies.

- B. Amounts recognized in the balance sheet are as follows:

Items	December 31, 2021	December 31, 2020
Present value of defined benefit obligations	\$ 257,918	\$ 265,117
Fair value of plan assets	(125,182)	(136,777)
Net defined benefit liability	<u>\$ 132,736</u>	<u>\$ 128,340</u>

C. Movements in net defined benefit liability are as follows:

Items	2021		
	Present value of defined benefit obligations	Fair value of plan assets	Net defined benefit liability
Balance, January 1	\$ 265,117	\$ (136,777)	\$ 128,340
Service costs			
Current service cost	1,390	-	1,390
Interest expense(revenue)	928	(509)	419
Amounts recognized in profit and loss	<u>2,318</u>	<u>(509)</u>	<u>1,809</u>
Remeasurements:			
Return on plan assets (Amounts included in interest income or expense are excluded)	-	(1,839)	(1,839)
Actuarial (gains) losses -			
Effect of changes in demographic assumptions	13,561	-	13,561
Effect of changes in financial assumptions	11,895	-	11,895
Experience adjustments	(9,164)	-	(9,164)
Amounts recognized in other comprehensive income (losses)	<u>16,292</u>	<u>(1,839)</u>	<u>14,453</u>
Pension fund contributions	-	(11,866)	(11,866)
Paid pension	(25,809)	25,809	-
Balance, December 31	<u>\$ 257,918</u>	<u>\$ (125,182)</u>	<u>\$ 132,736</u>

Items	2020		
	Present value of defined benefit obligations	Fair value of plan assets	Net defined benefit liability
Balance, January 1	\$ 261,834	\$ (123,526)	\$ 138,308
Service costs			
Current service cost	1,494	-	1,494
Interest expense(revenue)	2,094	(1,035)	1,059
Amounts recognized in profit and loss	3,588	(1,035)	2,553
Remeasurements:			
Return on plan assets (Amounts included in interest income or expense are excluded)	-	(4,146)	(4,146)
Actuarial (gains) losses -			
Effect of changes in demographic assumptions	1,064	-	1,064
Effect of changes in financial assumptions	5,322	-	5,322
Experience adjustments	2,284	-	2,284
Amounts recognized in other comprehensive income (losses)	8,670	(4,146)	4,524
Pension fund contributions	-	(17,045)	(17,045)
Paid pension	(8,975)	8,975	-
Balance, December 31	\$ 265,117	\$ (136,777)	\$ 128,340

The pension costs of the aforementioned defined benefit plans are recognized in profit or loss by the following categories:

Items	2021	2020
Cost of revenue	\$ 1,192	\$ 1,648
Marketing expenses	98	128
General and administrative expenses	304	474
Research and development expenses	215	303
Total	\$ 1,809	\$ 2,553

D. Information about Fair value of plan assets are as follows:

Item	December 31, 2021	December 31, 2020
Cash and cash equivalents	\$ 125,182	\$ 136,777

E. Because of the defined benefit plans under the Labor Standards Law, the Company is exposed to the following risks:

i. Investment risk

The pension funds are invested in equity and debt securities, bank deposits, etc. at the discretion of the Bureau of Labor Funds of Ministry of Labor, or under the mandated management. However, under the Labor Standards Law, the rate of return on plan assets shall not be less than the average interest rate on a two-year time deposit published by the local banks.

ii. Interest risk

A decrease in the government bond interest rate will increase the present value of the defined benefit obligation; however, this will be partially offset by an increase in the return on the debt investments of the plan assets.

iii. Salary risk

The present value of the defined benefit obligation is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the present value of the defined benefit obligation.

F. The actuarial valuations of the present value of the defined benefit obligation were carried out by qualified actuaries. The significant assumptions on measurement date were as follows:

Items	Measurement date	
	December 31, 2021	December 31, 2020
Discount rate	0.75%	0.35%
Expected salary increase rate	2.00%	2.00%

Reasonably possible changes to the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

Items	December 31, 2021	December 31, 2020
Discount rate		
0.25% increase	\$ (5,820)	\$ (6,193)
0.25% decrease	6,029	6,422

Items	December 31, 2021	December 31, 2020
Expected salary increase rate		
0.25% increase	\$ 5,792	\$ 6,145
0.25% decrease	(5,621)	(5,958)

The sensitivity analysis presented above may not be representative of the actual change in the present value of the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

G. The contribution that the Company expects to make to its defined benefit pension plans in next year is \$11,866 thousand. The weighted average maturity period of the defined benefit obligation is 11 years.

### 6.19 COMMON STOCKS

(1) The movements in the number of the Company's ordinary shares outstanding are as follows:

Items	2021		2020	
	Shares	Capital	Shares	Capital
Balance, January 1	182,140	\$ 1,821,403	182,140	\$ 1,821,403
Balance, December 31	182,140	\$ 1,821,403	182,140	\$ 1,821,403

The par value of common stock is \$10 per share, and every share has one voting right and the right to gain dividends.

(2) The Company's authorized capital was \$2,700,000 thousand, consisting of 270,000 thousand shares as of December 31, 2021.

### 6.20 CAPITAL SURPLUS

Item	December 31, 2021	December 31, 2020
Additional paid-in capital	\$ 451,220	\$ 451,220
Long-term investments at equity	3,546	3,546
Treasury stock transactions	30,359	30,359
Others	473	278
Total	\$ 485,598	\$ 485,403

- (1) Under the Company Act, the capital surplus generated from the excess of the issuance price over the par value of capital stock and from donations can be used to offset deficit or may be distributed as stock dividends or cash dividends. Under the regulations of the Security Exchange Law, the maximum amount transferred from the foregoing capital surplus to the Company's capital per year shall not be over 10% of the Company's capital surplus. Capital surplus can't be used to offset deficit unless legal reserve is insufficient.
- (2) The capital surplus from shares of changes in equities and stock options may not be used for any purpose.

## 6.21 RETAINED EARNINGS AND DIVIDEND POLICY

- (1) According to the Company's Article of Incorporation, the current year's earnings, if any, shall first pay taxes, offset prior years' operating losses, set aside a legal capital reserve at 10% of the remaining earnings until the accumulated legal capital reserve equals the Company's paid-in capital then reversal or set aside a special capital reserve in accordance with relevant laws or regulations. Any balance left over shall be allocated with unappropriated earnings submitted by the Board of Directors to be approved at a shareholders' meeting according to the Company's Articles of Incorporation 32 para 1 ad finem .

The Company's dividend policy was established by the Board of Directors according to operating plans, investment plans, capital budgets and the changes in internal and external environment. Due to the Company's steady growth, distribution of earnings will first consider to be allocated by cash dividend before stock dividend. Stock dividends distributed shall not excess be higher than 50% of the gross amount of total dividends.

- (2) Legal reserve may be used to offset a deficit or to distribute as dividend in cash or in stock for the portion in excess of 25% of the Company's paid-in capital.
- (3) Special reserve

Items	December 31, 2021	December 31, 2020
Special reserve	\$ 134,642	\$ 155,570

- A. In accordance with the regulation, the Company shall set aside special reserve from the debit balance on other equity item at the end of the year before distributing earnings. When debit balance on other equity is reversed subsequently, the reversed amount could be included in the distributable earnings.
- B. On initial application of IFRSs, the unrealized revaluation increments and cumulative translation adjustment should be reclassified into retained earnings, and was set aside as special reserve \$53,205. When the relevant assets are used, disposal of or reclassified

subsequently, the special reserve set aside previously shall be reversed to distributable earnings proportionately.

- (4) The appropriations of 2020 and 2019 earnings have been approved by shareholders' meetings held on August 26, 2021 and June 23, 2020, respectively. The appropriations of earnings and dividends per share were as follows:

Items	Appropriation of Earnings		Dividends Per Share (NT\$)	
	For Year 2020	For Year 2019	For Year 2020	For Year 2019
Legal reserve	\$ 34,535	\$ 50,253		
Special reserve	(20,928)	54,387		
Cash dividends	327,852	327,852	\$ 1.80	\$ 1.80

- (5) The Company's appropriation of earnings for 2021 had been approved in the meeting of the Board of Directors held on February 24, 2022. The appropriations of earnings were as follows:

Items	Appropriation of Earnings	Dividends Per Share (NT\$)
Legal reserve	\$ 83,980	
Special reserve	5,212	
Cash dividends	546,421	\$ 3.00

The appropriations of earnings for 2021 are to be presented for approval in the shareholders' meeting to be held in May, 2022.

- (6) Information on the resolution of the Board of Directors' and shareholders' meetings regarding the appropriation of earnings is available from the Market Observation Post System on the website of the TWSE.

Financial costs	\$ 12,643	\$ 15,120
Interest capitalization rates	0.66%~0.71%	1.44%

## 6.28 INCOME TAX

### A. Income tax expense recognized in profit or loss

#### (1) Components of income tax expense:

Items	2021	2020
<u>Current income tax expense</u>		
Current tax expense (benefit) recognized in the current year	\$ 185,729	\$ 46,424
Tax on unappropriated earnings	195	3,502
Adjustments for prior years	3,110	(2,579)
Current tax	189,034	47,347
<u>Deferred income tax expense</u>		
The origination and reversal of temporary differences	6,701	27,523
Deferred tax	6,701	27,523
Income tax expense recognized in profit or loss	\$ 195,735	\$ 74,870

#### (2) Income tax expenses (benefits) recognized in other comprehensive income were as follows:

Items	2021	2020
Exchange differences on translation of foreign operations	\$ (1,970)	\$ 5,294

Items	2021	2020
Unrealized gains (losses) on financial assets at fair value through other comprehensive income	\$ 565	\$ (70)
Remeasurement of defined benefit obligation	(2,891)	(905)
Total	<u>\$ (4,296)</u>	<u>\$ 4,319</u>

B. Reconciliation between accounting profit and income tax expense recognized in profit or loss :

Items	2021	2020
Income before tax	\$ 1,047,979	\$ 424,017
Income tax expense at the statutory rate	\$ 209,596	\$ 84,803
Tax effect of adjusting items:		
Deductible items in determining taxable income	(23,867)	(38,379)
Income tax on unappropriated earnings	195	3,502
Income tax adjustments on prior years	3,110	(2,579)
Net changes on deferred income tax	6,701	27,523
Income tax expense recognized in profit or loss	<u>\$ 195,735</u>	<u>\$ 74,870</u>

The corporate income tax rate for entities subject to the R.O.C, Income Tax Act 20%, and the tax rate for unappropriated earnings 5%.

C. Income tax liabilities

Items	December 31, 2021	December 31, 2020
Income tax liabilities	<u>\$ 171,759</u>	<u>\$ 59,888</u>

D. Deferred tax assets or liabilities arising from temporary differences, operating loss carryforward, and investment tax credit:

Items	2021			
	January 1	Recognized in (losses) gains	Recognized in other comprehensive income	December 31
Deferred income tax assets				
Temporary differences				
Unrealized loss on inventories	\$ 22,900	\$ (1,200)	\$ -	\$ 21,700
Net defined benefit liability	24,621	(1,821)	2,891	25,691
Cutoff	23,635	9,234	-	32,869
Others	8,944	988	-	9,932
Subtotal	80,100	7,201	2,891	90,192
Deferred tax liabilities				
Temporary differences				
Gain on foreign investments accounted for using the equity method	(184,401)	(13,507)	-	(197,908)
Exchange differences arising on translation of foreign operations	(8,478)	-	1,970	(6,508)
Reserve for land revaluation increment tax	(78,957)	-	-	(78,957)
Others	(2,732)	(395)	(565)	(3,692)
Subtotal	(274,568)	(13,902)	1,405	(287,065)
Total	\$ (194,468)	\$ (6,701)	\$ 4,296	\$ (196,873)

Items	2020			
	January 1	Recognized in (losses) gains	Recognized in other comprehensive income	December 31
Deferred income tax assets				
Temporary differences				
Unrealized loss on inventories	\$ 21,900	\$ 1,000	\$ -	\$ 22,900
Net defined benefit liability	27,037	(2,705)	289	24,621

Items	2020			
	January 1	Recognized in (losses) gains	Recognized in other comprehensive income	December 31
Accrued year-end bonus	\$ 22,377	\$ (22,377)	\$ -	\$ -
Cutoff	14,385	9,250	-	23,635
Others	16,875	(7,931)	-	8,944
Subtotal	102,574	(22,763)	289	80,100
Deferred tax liabilities				
Temporary differences				
Gain on foreign investments accounted for using the equity method	(179,856)	(4,545)	-	(184,401)
Exchange differences arising on translation of foreign operations	(3,184)	-	(5,294)	(8,478)
Reserve for land revaluation increment tax	(78,957)	-	-	(78,957)
Others	(3,203)	(215)	686	(2,732)
Subtotal	(265,200)	(4,760)	(4,608)	(274,568)
Total	\$ (162,626)	\$ (27,523)	\$ (4,319)	\$ (194,468)

E. The income tax returns of the Company have examined through 2019 by tax authority.

## 6.29 OTHER COMPREHENSIVE INCOME

Items	2021		
	Before tax	Income tax (expense) benefit	After tax
Items that will not be reclassified subsequently to profit or loss:			
Remeasurement of defined benefit obligation	\$ (14,453)	\$ 2,891	\$ (11,562)
Share of other comprehensive income of investments accounted for using the equity method	(882)	-	(882)

Items	2021		
	Before tax	Income tax (expense) benefit	After tax
Unrealized gains (losses) on valuation of equity investments at fair value through other comprehensive income	\$ 3,324	\$ (565)	\$ 2,759
Subtotal	(12,011)	2,326	(9,685)
Items that may be reclassified subsequently to profit or loss:			
Exchange differences arising on translation of foreign operations	(9,850)	1,970	(7,880)
Subtotal	(9,850)	1,970	(7,880)
Total	\$ (21,861)	\$ 4,296	\$ (17,565)

Items	2020		
	Before tax	Income tax (expense) benefit	After tax
Items that will not be reclassified subsequently to profit or loss:			
Remeasurement of defined benefit obligation	\$ (4,524)	\$ 905	\$ (3,619)
Share of other comprehensive income of investments accounted for using the equity method	(177)	-	(177)
Unrealized gains (losses) on valuation of equity investments at fair value through other comprehensive income	(320)	70	(250)
Subtotal	(5,021)	975	(4,046)
Items that may be reclassified subsequently to profit or loss:			
Exchange differences arising on translation of foreign operations	26,472	(5,294)	21,178
Subtotal	26,472	(5,294)	21,178
Total	\$ 21,451	\$ (4,319)	\$ 17,132

### 6.30 EARNINGS PER SHARE

The earnings for earnings per share calculated and weighted average number of ordinary shares are as follows :

Items	2021	2020
Basic earnings per share		
Net income attributable to ordinary shareholders of the Company	\$ 852,244	\$ 349,147
Net income for calculating basic earnings per share	<u>\$ 852,244</u>	<u>\$ 349,147</u>
Weighted average number of shares outstanding (share in thousands)	<u>182,140</u>	<u>182,140</u>
Basic earnings per share (after tax) (in dollars)	<u>\$ 4.68</u>	<u>\$ 1.92</u>
Diluted earnings per share		
Net income attributable to ordinary shareholders of the Company	\$ 852,244	\$ 349,147
Net income for calculating diluted earnings per share	<u>\$ 852,244</u>	<u>\$ 349,147</u>
Weighted average number of shares outstanding (share in thousands)	182,140	182,140
Effect of dilutive potential common shares		
Employees' compensation (share in thousands)	<u>106</u>	<u>95</u>
Weighted average shares outstanding for diluted earnings per share (thousand shares)	<u>182,246</u>	<u>182,235</u>
Diluted earnings per share (after tax) (in dollars)	<u>\$ 4.68</u>	<u>\$ 1.92</u>

If the Company offered to settle the compensation or bonuses paid to employees in shares or cash at the Company's option, the Company assumed that the entire amount of the compensation or bonuses will be settled in shares, and the resulting potential shares are included in the weighted average number of shares outstanding used in the calculation of diluted earnings per share if the effect is dilutive. Such dilutive effect of the potential shares is included in the calculation of diluted earnings per share until the number of shares to be distributed to employees is resolved in the following year.

## 7. RELATED PARTY TRANSACTIONS

The transactions between the Company and its related parties, other than those disclosed in

other notes, are summarized as follows:

A. Related party name and categories

Related Party Name	Related Party Categories
CHAO SHIN METAL INDUSTRIAL CORPORATION (Chao Shin Metal)	Subsidiaries
TEC BRITE TECHNOLOGY CO., LTD. (TEC Brite Technology)	Subsidiaries
SHUEN DER INDUSTRY (JIANGSU) CO.,LTD (SDI (JIANGSU) )	Subsidiaries
SJD Industries (M) Sdn. Bhd	Other related parties
SDI JAPAN CO. ,LTD.	Other related parties

B. Significant transactions between related parties

Significant transactions between the Company and its related parties for the years ended December 31, 2021 and 2020 are as follow:

(a) Revenue

Related Party	2021	2020
Subsidiaries	\$ 224,657	\$ 153,461
Other related parties	35,548	31,551
Total	<u>\$ 260,205</u>	<u>\$ 185,012</u>

Sales price with related parties was determined and negotiated referring to related market price. The payment term was T/T 30~240 days.

(b) Purchases

Related Party	2021	2020
Subsidiaries	\$ 233,465	\$ 187,656
SDI (JIANGSU)	769,208	643,572
Other related parties	4,643	5,431
Total	<u>\$ 1,007,316</u>	<u>\$ 836,659</u>

Purchases price with related parties was determined and negotiated referring to related market price. The payment term was T/T 60~90 days.

(c) Receivables due from related parties

Items	Related Party	December 31, 2021	December 31, 2020
Accounts receivable	Subsidiaries	\$ 126,323	\$ 35,322
	Other related parties	17,310	18,679
	Total	\$ 143,633	\$ 54,001
Other receivables	Subsidiaries	\$ 792	\$ 4,843
	TEC Brite Technology	8,571	8,079
	Other related parties	118	4,574
	Total	\$ 9,481	\$ 17,496

(d) Payables due to related parties

Items	Related Party	December 31, 2021	December 31, 2020
Accounts payable	Subsidiaries	\$ 160,486	\$ 113,434
	Other related parties	1,120	-
	Total	\$ 161,606	\$ 113,434
Other payables	Subsidiaries	\$ 1,803	\$ 12,097
	Other related parties	860	440
	Total	\$ 2,663	\$ 12,537

(e) Property transactions

(1) Acquisition of property, plant and equipment

Related party	2020	2019
Subsidiaries	\$ -	\$ 20,485
Total	\$ -	\$ 20,485

(2) Disposal of property, plant and equipment

Related Party	2021		2020	
	Price	Profit (Loss)	Price	Profit (Loss)
Subsidiaries	\$ 117	\$ 16	\$ 639	\$ 152
Total	\$ 117	\$ 16	\$ 639	\$ 152

The unrealized gains from selling equipment as mentioned above have been deferred.

(f) Selling parts

Related Party	2021		2020	
	Price	Profit (Loss)	Price	Profit (Loss)
Subsidiaries	\$ 2,333	\$ 243	\$ 7,089	\$ 722

The stationaries and electric parts the subsidiaries needed for production were purchased by the Company. The unrealized gains as mentioned above have been deferred.

(g) Endorsement and Guarantees

Party being guaranteed	Matter being guaranteed	December 31, 2021	December 31, 2020
SDI(JIANGSU)	Banking facilities	\$ 1,436,168	\$ 1,172,785
	Total	\$ 1,436,168	\$ 1,172,785

(h) Other transactions

Items	Related Party	2021	2020
Processing fee	Chao Shin Metal	\$ 6,747	\$ 3,775
Other expenses	Subsidiaries	\$ 8,312	\$ 5,411
	Other related parties	-	93
	Total	\$ 8,312	\$ 5,504
Rental income	Subsidiaries	\$ 144	\$ 144
	TEC Brite Technology	18,744	18,744
	Total	\$ 18,888	\$ 18,888
Other income	Subsidiaries	\$ 20,681	\$ 20,437
	Other related parties	317	344

	Other related parties	153	88
	Total	\$ 7,434	\$ 3,709

(i) Lease agreement

Item	Related Party	December 31, 2021	December 31, 2020
Lease liabilities— current	Chao Shin Metal	\$ 2,571	\$ 2,540
Lease liabilities— non-current	Chao Shin Metal	\$ 34,876	\$ 37,447

Item	Related Party	2021	2020
Depreciation	Subsidiaries	\$ 2,726	\$ 2,726
Interests expense	Subsidiaries	\$ 460	\$ 490

C. Compensation of key management personnel

Item	2021	2020
Short-term employee benefits	\$ 58,045	\$ 30,839
Post- employment benefits	474	319
Total	\$ 58,519	\$ 31,158

8. PLEDGED ASSETS

The Company's assets pledged as collateral are as follows :

Item	December 31, 2021	December 31, 2020
Pledge time deposit (recognized as other financial assets - current)	\$ 6,600	\$ 6,800
Refundable deposits (recognized as other non-current assets)	494	644
Total	\$ 7,094	\$ 7,444

9. SIGNIFICANT CONTINGENCIES LIABILITIES AND UNRECOGNIZED COMMITMENTS:

(1) Capital expenditures contracted at the balance sheet date but not yet incurred are as follows:

Item	December 31, 2021	December 31, 2020
Property, plant, and equipment	\$ 190,286	\$ 292,772

10. SIGNIFICANT DISASTERS: NONE.

11. SIGNIFICANT SUBSEQUENT EVENTS: NONE.

12. OTHERS:

**12.1 Capital risk management**

The Company requires an adequate capital structure to enable the expansion and enhancement of its plant and equipment. Therefore, the Company manages its capital in a manner to ensure that it has sufficient and necessary financial resources and operating plan to fund its working capital needs, capital asset purchases, development expenditure, and debt service requirements and other business requirements associated with its existing operations over the next 12 months.

**12.2 Financial instruments**

(1) Financial risks on financial instruments

Financial risk management policies

The Company's activities expose it to a variety of financial risks. These financial risks included market risk (including foreign currency exchange risk, interest rate risk and price risk), credit risk and liquidity risk. The Company's overall risk management strategy focuses on the unpredictability of financial markets and seeks to mitigate potential adverse effects on its financial performance.

The Company's material financial activities are approved by the Board of Directors (and Audit Committee) in accordance with relevant requirements and internal control mechanism, which requires the Company to comply with its financial operating policies and procedures that provide guiding principles for the overall financial risk management and accountability and separation of duties.

Significant financial risks and degrees of financial risks

A. Market risk

a. Foreign exchange risk

i. The Company's sales, purchase and borrowing activities denominated in foreign currencies are exposed to foreign currency risk. The Company's functional currency is New Taiwan dollars. The main foreign currencies of those thousand transactions are US dollars and JPY, etc. To protect against reductions in value and the volatility of future cash flows results from changes in foreign exchange rates, the Company hedges its foreign exchange risk exposure by using foreign currency loans and derivatives, such as forward exchange agreements. The usage

of derivative financial instruments can assist the Company to reduce but not completely eliminate the influence of changes in foreign exchange rates.

ii. Sensitivity analysis of foreign currency risk

	December 31, 2021		
	Foreign Currency	Exchange Rate	New Taiwan Dollars
<u>Financial Assets</u>			
Monetary Items			
USD	\$ 65,921	27.67	\$ 1,824,041
JPY	140,957	0.24	33,907
Non-monetary Items			
Investments accounted for using equity method			
USD	64,278	27.67	1,778,567
<u>Financial Liabilities</u>			
Monetary Items			
USD	28,829	27.67	797,706
JPY	219,633	0.24	52,833
	December 31, 2020		
	Foreign Currency	Exchange Rate	New Taiwan Dollars
<u>Financial Assets</u>			
Monetary Items			
USD	\$ 44,797	28.48	\$ 1,275,804
JPY	125,756	0.28	34,790
Non-monetary Items			
Investments accounted for using equity method			
USD	60,424	28.48	1,720,883
<u>Financial Liabilities</u>			
Monetary Items			
USD	14,496	28.48	412,853
JPY	121,489	0.28	33,610

The Company is mainly exposed to US dollar and JPY. The sensitivity analysis rate for the Company is 1% increase and decrease in NTD against the relevant foreign currencies 1% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 1 % change in foreign currency rates. An increase/ decrease in profit before tax would be resulted where the NTD strengthens/ weakens 1% against the relevant currency with all other variables held constant in the amounts of \$10,074 thousand and \$8,641 thousand for the years ended December 31, 2021 and 2020, respectively.

b. Price risk

The Company is exposed to the price risk of funds and unlisted equity securities because these equity investments held by the Company are classified as either financial assets at fair value through profit/loss or financial assets at fair value through other comprehensive income.

The Company mainly invests in equity instrument of unlisted stocks. The prices of equity instrument of unlisted stocks would change due to the uncertainty of the future value.

If the prices of these equity securities had increased/decreased by 1%, the profit before tax and other comprehensive income before tax would have increased/decreased by \$202 thousand and \$169 thousand, respectively, due from increase/decrease in fair value.

The realized and unrealized foreign currency exchange losses for the years ended December 31, 2021 and 2020 are \$22,357 thousand and \$74,738 thousand, respectively. Due to the wide variety of currencies in the foreign currency transactions of Group, the exchange gains and losses is not disclosed in each foreign currencies.

c. Interest rate risk

The carrying amounts of interest - bearing financial instruments held by the Company as of the reporting date are as follows:

Items	Carrying Amounts	
	December 31, 2021	December 31, 2020
Fair value interest rate risk		
Financial assets	\$ 1,094	\$ 1,444
Net	\$ 1,094	\$ 1,444
Cash flow interest rate risk		
Financial assets	\$ 412,486	\$ 488,942

Items	Carrying Amounts	
	December 31, 2021	December 31, 2020
Financial liabilities	\$ (2,240,089)	\$ (1,367,870)
Net	\$ (1,827,603)	\$ (878,928)

i. Sensitivity analysis for instruments with fair value interest rate risk : The Company does not classify any fixed-rate instruments as financial assets measured at fair value through profit and loss. In addition, the Company does not designate derivatives as hedge instruments under the fair value hedge accounting model. Therefore, the change in interest rate on the reporting date has no effect on profit or loss and other comprehensive income.

ii. Sensitivity analysis for instruments with cash flow interest rate risk : The effective interest rates for the Company's floating interest rate financial instruments are susceptible to the market interest rate. If the market interest rate increases (decreases) 1%, the profit before tax will increase (decrease) \$18,276 thousand and \$8,789 thousand for the years ended December 31, 2021 and 2020, respectively.

#### B. Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company is exposed to credit risk from operation activities, primarily trade receivable, and from investing activities, primarily bank deposits and other financial instruments. Credit risk is managed separately for business related and financial related exposures.

##### a. Business - related credit risk

In order to maintain the credit quality of the trade receivables, the Company has established procedures to monitor and limit exposure to credit risk on trade receivables. Credit evaluation is performed taking into account relevant factors that may affect a customer's paying ability, such as the customer's financial condition and historical transaction records, internal and external credit rating and economic conditions.

The Company does not hold any collateral or other credit enhancement to hedge against the credit risk of financial assets.

##### b. Financial credit risk

The Company's exposure to financial credit risk which pertaining to bank deposits and other financial instruments was evaluated and monitored by the Company's treasury function. The Company only transacts with creditworthy counterparties and banks; therefore, no significant financial credit risk was identified.

##### i. Credit concentration risk

As of December 31, 2021 and 2020, the proportion of the accounts receivable exceeds 10% of the total accounts receivable, representing 37% and 42%,

respectively. The credit concentration risk associated with other accounts receivable is relatively insignificant.

ii. Measurement of expected credit losses

(i) Accounts receivable: The Company applies simplified approach to its accounts receivable. Please refer to Note 6(3) for more information.

(ii) The criteria used to determine whether credit risk has increased significantly: The Company considered credit factors and reviewed relevant information associated with debtors to assess whether credit risks on financial instruments have increased significantly since initial recognition.

iii. Holding collateral and other credit enhancement to hedge against credit risk of financial assets: None.

iv. Credit risk of financial assets measured at amortized cost:

Please refer to Note 6(3) for information on the Company's credit exposures associated with accounts receivable. Other financial instruments amortized at cost, such as cash and cash equivalents and other receivables, have low credit losses; therefore, the loss allowance for those instruments is measured at an amount equal to 12-month expected credit losses. After assessment, the Company determined that no material impairment occurred.

C. Liquidity risk

a. Liquidity risk management

The objective of the Company's management of liquidity risk is to maintain sufficient cash and cash equivalents, highly liquid securities, and banking facilities to ensure that the Company has sufficient financial flexibility for its operations.

b. Maturity analysis for financial liabilities

The following table details the Company's remaining contractual maturity for its non-derivative financial liabilities:

Non-derivative Financial Liabilities	December 31, 2021				
	Within 1 year	1-5 years	Over 5 years	Contract cash flows	Carrying amounts
Notes payable	\$ 6,288	\$ -	\$ -	\$ 6,288	\$ 6,288
Accounts payable	1,187,415	-	-	1,187,415	1,187,415
Other payables	532,217	-	-	532,217	532,217
Lease liabilities	13,300	44,597	92,784	150,681	139,225
Long-term loan (include current portion)	99,998	2,140,733	50,769	2,291,500	2,240,089
Guarantee deposits	-	-	87	87	87
Total	\$ 1,839,218	\$ 2,185,330	\$ 143,640	\$ 4,168,188	\$ 4,105,321

Further information of the maturity analysis for lease liabilities are as follows :

December 31, 2021						
	Within 1 year	1-5 years	5-10 years	10-15 years	15-20 years	Total undiscounted lease payment
Lease liabilities	\$ 13,300	\$ 44,597	\$ 47,460	\$ 42,589	\$ 2,735	\$ 150,681

December 31, 2020					
Non-derivative Financial Liabilities	Within 1 year	1-5 years	Over 5 years	Contract cash flows	Carrying amounts
Notes payable	\$ 4,686	\$ -	\$ -	\$ 4,686	\$ 4,686
Accounts payable	766,963	-	-	766,963	766,963
Other payables	333,772	-	-	333,772	333,772
Lease liabilities	14,167	46,863	99,758	160,788	147,824
Long-term loan (include current portion)	35,448	1,285,981	85,545	1,406,974	1,367,870
Guarantee deposits	-	-	87	87	87
Total	\$ 1,155,036	\$ 1,332,844	\$ 185,390	\$ 2,673,270	\$ 2,621,202

Further information of the maturity analysis for lease liabilities are as follows :

December 31, 2020						
	Within 1 year	1-5 years	5-10 years	10-15 years	15-20 years	Total undiscounted lease payment
Lease liabilities	\$ 14,167	\$ 46,863	\$ 45,247	\$ 45,212	\$ 9,299	\$ 160,788

The Company does not expect the timing of occurrence of the cash flows estimated through the maturity date analysis will be significantly earlier, nor expect the actual cash flow amount will be significantly different.

### 12.3 Category of financial instruments

	December 31, 2021	December 31, 2020
<u>Financial assets</u>		
Financial assets measured at amortized cost (Note 1)	\$ 2,225,504	\$ 1,776,652
Financial assets at fair value through other comprehensive income	20,222	16,898

December 31, 2021

December 31, 2020

Financial liability

Financial liabilities measured at

amortized cost (Note 2)	\$	3,966,096	\$	2,473,378
-------------------------	----	-----------	----	-----------

Note 1: The balances included financial assets measured at amortized cost, which comprise cash and cash equivalents, notes receivable, accounts receivable, other receivable and refundable deposits.

Note 2: The balances included financial liabilities measured at amortized cost, which comprise notes payable, accounts payable, other payables, long-term loan (include current portion) and guarantee deposits received.

**12.4 Fair value information of financial instruments**

(1) Definition of fair value measurements are grouped into Level 1 to 3 as follows:

Level 1: Relevant inputs are quoted prices in active markets for identical assets or liabilities that the entity can access on the measurement date

Level 2: Inputs other than quoted prices included within Level 1 are observable for the asset or liability, either directly or indirectly.

Level 3: Inputs are unobservable inputs that used to measure fair value to the extent when relevant observable inputs are not available.

(2) Financial instruments that are not measured at fair value

The fair value of the Company's financial instruments not measured at fair value including cash and cash equivalents, accounts receivable, other financial assets, refundable deposits, short-term loan, accounts payables, long-term loan (including current portion) and other financial liabilities approximate their fair value.

(3) Financial instruments that are measured at fair value:

The financial instruments that are measured at fair value on a recurring basis, the information of fair value is as follow:

Items	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Assets				
<u>Recurring fair value</u>				
<u>measurements</u>				
Financial assets at				
FVTOCI - noncurrent				
Equity instruments				
Unlisted stocks	\$ -	\$ -	\$ 20,222	\$ 20,222

Items	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Total	\$ -	\$ -	\$ 20,222	\$ 20,222

Items	December 31, 2020			
	Level 1	Level 2	Level 3	Total

Assets

Recurring fair value measurements

Financial assets at FVTPL

Financial assets at  
FVTOCI - noncurrent

Equity instruments

Unlisted stocks

Unlisted stocks	\$ -	\$ -	\$ 16,898	\$ 16,898
Total	\$ -	\$ -	\$ 16,898	\$ 16,898

(4) The methods and assumptions the Company used to measure fair value are as follows:

A. The Company measures the fair values of its financial instruments with an active market using their quoted prices in the active market.

B. Fair value of equity investment of unlisted stocks without active market was estimated through the market approach that is mainly referenced to the same type of companies' evaluation, quotes from third parties, net assets and state of operation. The significant and unobservable input parameter for assessing the unlisted stocks mainly relates to liquidity discount rate. Since the possible changes of liquidity discount rate may not cause significant influence on financial standing, the quantitative information will not be disclosed.

C. Fair value of other financial assets and financial liabilities (except for aforementioned) are determined in accordance with generally accepted pricing model based on the discounted cash flow analysis.

(5) Transfer between Level 1 and Level 2 of the fair value hierarchy: none.

(6) Changes in level 3 instruments:

Items	2021	2020
<u>Financial assets at FVTOCI</u>		
Beginning Balance	\$ 16,898	\$ 17,218
Unrealized valuation gains or losses on equity investments at FVTOCI	3,324	(320)

Items	2021	2020
Ending Balance	\$ 20,222	\$ 16,898

### 13. SUPPLEMENTARY DISCLOSURES

#### 13.1 Significant transactions information

- (1) Financings provided to others: None;
- (2) Endorsement and guarantee provided to others: Please see Table 1 attached;
- (3) Marketable securities held (excluding investments in subsidiaries, associates and joint ventures at the end of the period) : Please see Table 2 attached;
- (4) Marketable securities acquired and disposed of at costs or prices of at least NT\$300 million or 20% of the paid-in capital: None;
- (5) Acquisition of individual real estate properties at costs of at least NT\$300 million or 20% of the paid-in capital: Please see Table 3 attached;
- (6) Disposal of individual real estate properties at prices of at least NT\$300 million or 20% of the paid-in capital: None;
- (7) Total purchases from or sales to related parties of at least NT\$100 million or 20% of the paid-in capital: Please see Table 4 attached;
- (8) Receivables from related parties amounting to at least NT\$100 million or 20% of the paid- in capital: Please see Table 5 attached;
- (9) Information on the derivative instrument transactions: None;
- (10) The business relationship between the parent and the subsidiaries and significant transaction between then: Please see Table 6 attached;

#### 13.2 Information on investees : Please see Table 7 attached;

#### 13.3 Information on investment in Mainland China

- (1) The name of the investee in Mainland China, the main businesses and products, its issued capital, method of investment, information on inflow or outflow of capital, percentage of ownership, income (losses) of the investee, ending balance, amount received as dividends from the investee, and the limitation on investee: Please see Table 8 attached;
- (2) Significant direct or indirect transactions with the investee, its prices and terms of payment, unrealized gain or loss, and other related information which is helpful to understand the impact of investment in Mainland China on financial reports: Please see Table 6 attached.

#### 13.4 Information of major shareholder (Names, number of shares and ownership of shareholders whose equity interest is greater than 5%): None.

### 14. SEGMENT INFORMATION

The company has provided the segment information disclosure in the consolidated financial statements for the year ended December 31, 2021.
